Anti-tip kit is included for use.  
We recommend installing for safety reason

Step 1: Put the table top upside down on a flat and soft surface to prevent from scratching the table finishing.

Attach the treaded bolt side leg to table top  
then attach flat washer (C), lock washer (B) and bolt (A)  
onto the threads secure by hand at first.

Tighten evenly using the open wrench (D).

Step 2: Put the "L" bracket to the designated spot on the side panel.

(right on the square mark).

Use screw driver to attach table top to side panel,using screw (F)

Step 3: Adjust Leveler if needed to level case on uneven floor.
