

Assembly Instructions Traxton Recliner

BEFORE ASSEMBLY

Thank you for purchasing this quality product. This product has been designed for easy assembly and constructed for durability. Please take the time to read and follow the assembly instructions carefully.

Power Zero Gravity Recliner P3

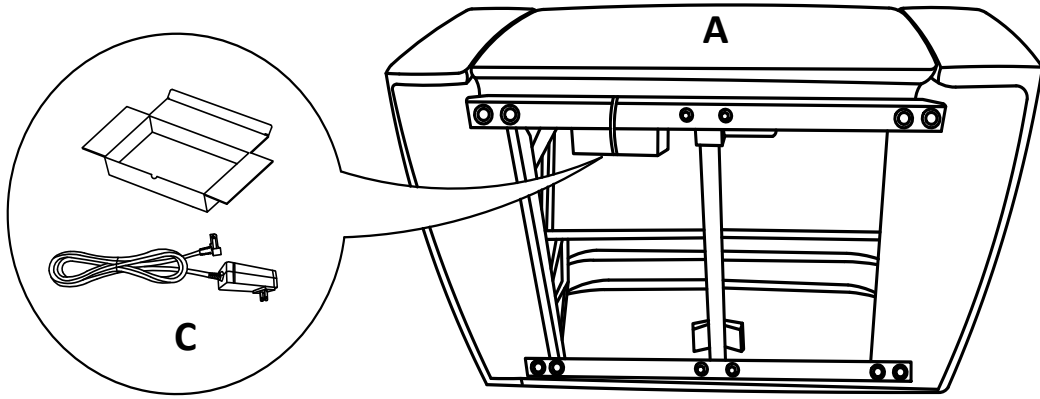

Part List

When unpacking, please be careful not to discard any parts with the packaging. Before continuing, please make sure you have the following parts:

No	Description	Sketch	Qty
A	Body		1PC
B	Back Cushion		1PC
C	Power Adapter		1PC

Step 1:

Remove the Power Adapter (C) from the bottom of the Body (A).

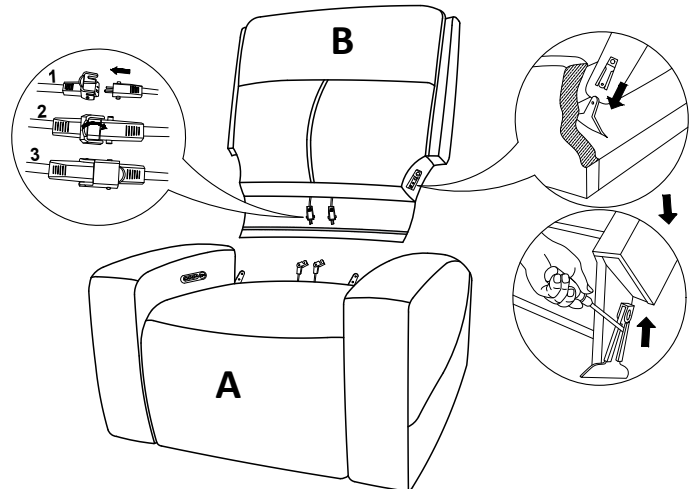

Step 2:

1. Install the back cushion (B) into the body (A) by positioning the female metal receiver brackets over the male metal posts. Ensure that the female metal receives brackets on each side line up with the seat metal posts. Push the backrest down until each side is locked into place and an audible "click" is heard.

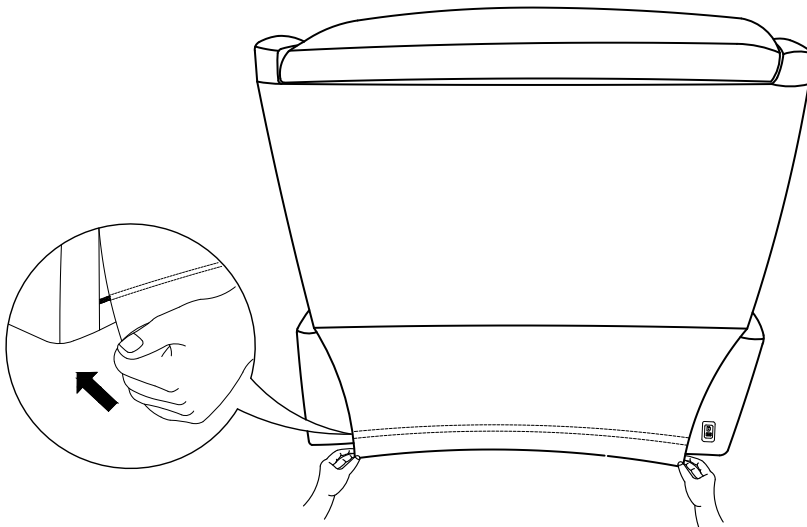

2. The power cables on the back cushion and seat are labeled "Head" and "Lumbar."

- Connect the "Head" wire to the matching "Head" Connector.
- Connect the "Lumbar" wire to the matching "Lumbar" connector.

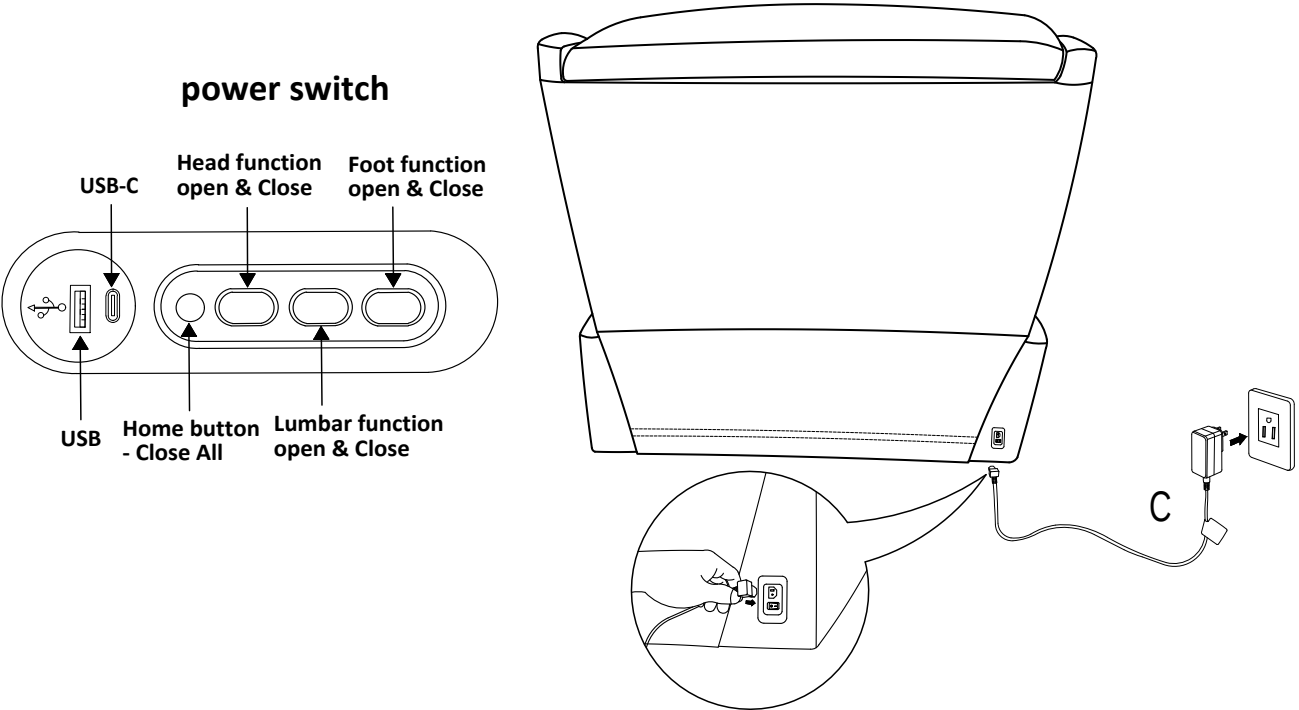

Step 3:

Attach the flap to the seat frame by pulling the flap down, and pressing the bottom under the seat base, connecting the velcro.

Step 4:

Securely connect one end of the power adapter to the DC power port located at the lower rear corner of the recliner. Plug the other end into a wall outlet. Your recliner is now ready for use.
